Subject: Parking situation

Good evening,

This is an email about our current car park situation, as you may be aware the council have taken away all parking privileges, for most businesses within the local area.

I have attached a car park suggested map, For our hotel.

We do have disabled car parking opposite the hotel, but that again is council car parking and is a first come first serve basis.

If you have any inquiries please email us back.

Kind regards,
Callum Tatterton
